

# VTS95

## Designed for Maximum Performance and High Productivity

The new McCloskey™ VTS95 tracked shredder features an extremely aggressive knife design and open cutting table offering a range of knives for different types of waste. The VTS95 ensures the most efficient waste handling across applications.

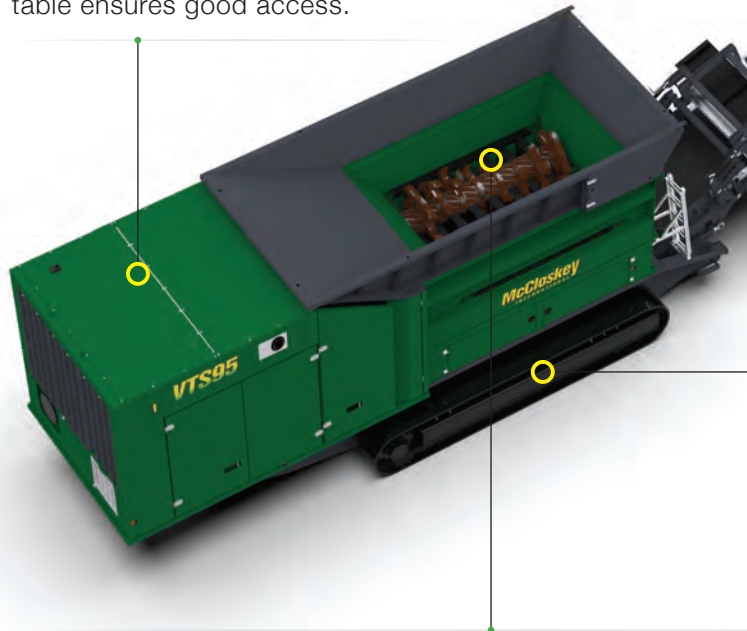

As with all the McCloskey products, the VTS95 has been designed with absolute focus on the machine operator. In addition to the highest level of quality and performance, significant benefits include simple and fast assembly times, easy maintenance and short downtime.

## Features

- Aggressive 8 Knife Samurai, heavy duty cutting table
- Danfoss Electrical control unit
- Variable speed main conveyor
- 4 Meter tracks for superior maneuverability and stability
- CAT C15 403 KW (540HP) Stage V/Tier 4 Final
- Fuel efficient Hydraulics system
- User Friendly Hydraulic Controls
- Double Hydrostatic drive transmission
- Access ladder mounted at the front of the cutting table

## Low Loader

Low load height, allowing easier loading with a smaller loader. A mounted ladder on the cutting table ensures good access.

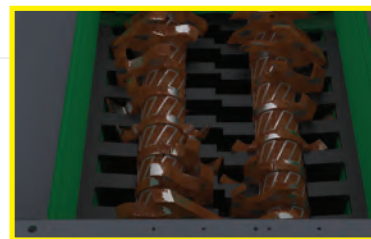

## Conveyor Belt

Conveyor belt speed can be precisely adjusted to suit the particular waste being processed.

## Tracked Machine

Tracked machine allow for easy mobility throughout site and moved during operation.

## Aggressive cutting table

Cutting chamber has a 10,000 hour lifetime – choose from 8 or 10 knife layout. Cutting table includes a mounted ladder to ensure good access.

# SPECIFICATION DATA

## Dimensions and Capacities

Length – working (Max)	15m (49'-2")
Height – working (Max)	3.5m (11'-6")
Length – transport	9.43m (30'-11")
Width – transport	2.95m (9'-8")
Height – transport	3.53m (11'-7")
Over hang – transport	0.6m (1'-11")
Maximum production rate	100TPH (Material dependent)
Average fuel consumption	60 L/Hour (15.5 US Gal)
Machine weight	35,000KG (77,160 lbs.)

## Cutting Table

Number of shafts	2
Rotating speed	16-41/27-56 RPM
Number of knives	8/10
Number of counter knives	16/20
Cutting area	2420mm X 2000mm (95" X 79")
Knife type	Samurai
Chamber weight	14,900KG (32,850 lbs.)

## Grain Size

8 knife standard	< 300 mm (< 12")
10 knife option	< 200 mm (< 8")

## Capacity Per Hour

Household waste	Up to 100 Ton
Demolition wood	Up to 70 Ton
Industrial waste	Up to 35 Ton
Bulk waste	Up to 50 Ton
